

Farm Open Day

Improving Dairy Herd Fertility - myth or reality?

Thursday, 7th May, 10.30am - 2.30pm

Pennatillie Farm, Talskiddy, St Columb Major, TR9 6EF

Courtesy of the Colgrove family & Westpoint Veterinary Group (southwest), the day will look closely at fertility & production targets. Light refreshments will be provided on arrival and a pasty lunch after the speakers.

- **Dr Gary Rogers** of Geno, Canada - the pros & cons of crossbreeding for yield
- Westpoint SW's **Rachel Risdon** - the importance of post-calving health on fertility
- **Rob Drysdale**, Westpoint - experiences from the Westpoint practice on methods to improve fertility
- **Andrew Axford** from Semex - on the 'AI 24' heat detection system

To book your place, please call Westpoint Veterinary Group (southwest) on **01566 86985**

Our thanks to all who came along to the opening of the Winnard's Perch office and made it such an enjoyable evening!
